Hostel management System

Trishala K. Shetka
IBM18CS118

The purpose of Hostel management System is to carry out different operations of a hostel. This system will provide ease, comfort & use to the Staff to the hostel by performing all work on computer. It helps to manage Student and Staff records

→ Admins can login

→ Admin can alot rooms to Students

→ Admin can appoint Staff

→ Admin can review the feedback provided by Students

→ Students can provide mess feedback

→ mess manager can update the menu list

→ Admin can assign work to Staff members

→ Response time small & easy to handle
